

Scrum Meeting Transcript

Sprint No. 2

August 9, 2013

The aim for today's meeting is the member's progress of their individual task. The meet is around 3:00 to 3:15 PM (15 mins.).

Below this shows the questions asked in the meeting and its corresponding answers.

1. What did you do yesterday?

Cabahug: Testing Subject search controller & views.

Comeda: Fixing errors in rails.

Daganga: Check if the software is running/updated controllers & views.

Villarias: Learning in rails.

2. What will you do today?

Cabahug: Commit both Subject search controller & views.

Comeda: Fixing errors in rails.

Daganga: Learning rails.

Villarias: Learning rails.

3. What prevents you from making progress?

Cabahug: Error in local Github repo "detached commits" must merge.

Comeda: Errors in running rails in my laptop, must re-install everything or reformat.

Daganga: It will take time to learn something new.

Villarias: Finding easy way to solve the task given to me.

End of Meeting.
