

Scrum Meeting Transcript

Sprint No. 2

July 31, 2013

The aim for today's meeting is the member's progress of their individual task. The meeting is between 3:00 to 4:30 PM, around 3:20 to 3:35 PM (15 mins.).

Below this shows the questions asked in the meeting and its corresponding answers.

1. What did you do yesterday?

Cabahug: Fixing error in rails & continuing coding.

Comeda: Resolving the dependencies in running the program, its plug-ins.

Daganga: Update BuildConfig in Github & started the new task.

Villarias: Tried to fix some errors.

2. What do you plan on doing tomorrow?

Cabahug: Testing Student search code.

Comeda: Create subject controller.

Daganga: Testing UI.

Villarias: Do my second task.

3. What prevents you from making progress?

Cabahug: Internet is unavailable at the moment.

Comeda: Slow internet connection. I can't install plug-ins automatically when its internet connection is slow.

Daganga: Internet is unavailable at the moment.

Villarias: Internet is unavailable at the moment.

End of Meeting.
